Reminders from the Learning Pathways Advisor

The May edition of the graduation ceremony participation list is posted both in the Grad 2025 Google Classroom and on the SST office window. Please check to see if you are on the list. If you aren't and do not know why, see Mrs. Johnson.

Please make sure you can access your myPass account (access to academic records, diploma exam results, and more) - if not, contact Mrs. Johnson by email or stop by her office. Semester 1 Diploma Exam results are now available on myPass.

If you are applying for post-secondary, make sure you spend some time each week researching scholarships (CLHS and NLPS are good places to start)

If you are not sure how to apply for post-secondary or what pathway you wish to pursue after high school, please set up a meeting with Mrs. Johnson.
